Special Notice.

In ordering by telegraph or cable, use code word following each title. Customers ordering films by code should be careful to spell out the code words exactly as they are printed in the catalogues, as wrong spelling often causes confusion and delay in filling orders and in some cases necessitating our telegraphing the customer for further instructions.

Terms.

Cash with order, or C. O. D. when accompanied by reasonable deposit to guarantee charges and delivery. Goods not sent on approval. We use nothing but first-class material throughout.

A Request to Exhibitors.

We desire to broaden our field of subjects so as to be in a position to supply and list all films that will meet with the requirements of all classes of exhibitors. Many exhibitors have ideas for new films which they would like to see carried out. We will be pleased to receive suggestions from our customers as to new film subjects. When sending in such suggestions we would request the exhibitor to write them as plainly as possible. We will execute the ideas provided we find them practicable, and in this way motion picture exhibitors will doubtless be able to secure special subjects that are particularly desirable for their exhibitions.

PRESERVE FOR FUTURE REFERENCE.

Mr. Edison's Latest Discovery Has made a complete revolution in our printing and developing departments. We now employ an entirely new process for making animated film subjects. The results surpass anything hitherto produced. The pictures when projected show great improvements both in clearness and definition, and have that mellow tone which has so long been sought for, but not until now obtained.

We will shortly announce a number of new and startling features in Animated Pictures.

Such films as President McKinley's last speech, the funeral ceremonies at Buffalo, Washington and Canton will offer material for accurate description that was impossible previous to Mr. Edison's invention of the KINETOSCOPIC and motion pictures.

Coloring We have improved our coloring process both in quality and rapidity, and are now prepared to furnish in appropriate films, all films that are suitable for coloring. All ordinary subjects which contain from one to four figures, \$5.00 for each fifty feet. Special prices will be quoted on coloring all subjects which contain more than four figures and on all special subjects. It will take from one to two days for the coloring of 50-foot films, other lengths proportionately longer.

IMPORTANT ANNOUNCEMENT.

Class A Films.....\$7.50 per 50 foot length.
Class B Films.....\$6.00 per 50 foot length.
Longer or Shorter Lengths in Proportion

To counteract the effect of cheap films, duplicates, worthless subjects and short length films that are being offered in the market, we are listing our famous Edison Films in two classes. Some of our subjects cost us large sums of money to obtain, while others are presented at a nominal cost. Therefore, the films of inexpensive subjects, we shall list as Class B at the net price of \$6.00 per 50 feet. Those of the more subjects and more expensive to get, will remain at \$7.50 per 50 feet. RICHMOND R. H. & Co. are made for a price and the best materials are guaranteed. The quality of Class B films is precisely the same as Class A. The above prices are strictly net. There are no discounts.

THE VISIT OF PRINCE HENRY OF PRUSSIA.

ILLUSTRATING THE GREATEST INTERNATIONAL EVENT OF THE TWENTIETH CENTURY. EVERY FILM OF PRINCE HENRY IS A HEADLINER.

We beg to advise our patrons that owing to the fact that we were granted exclusive concessions by the Townsend & Downey Ship Building Company of Shuonkers Island, N. Y., to make motion pictures of the launching and christening of Kaiser Wilhelm's yacht "Meteor". We are able to furnish a marvellous set of pictures, showing the chief occurrences and the leading officials and civilians taking part in them. These ceremonies took place on February 25th, 1902. We had exclusive permission from the government (which permission was signed by Dr. D. J. Hill, Assistant Secretary of State), allowing one of our operators to accompany Prince Henry's special train. This permit carried with it the entry to all ceremonies connected with the entertainment of Prince Henry. REMEMBER we have the ONLY GENUINE pictures of Prince Henry ceremonies. All others must be either fakes or copies. The Prince Henry pictures will positively not be sold in shorter lengths than those given in this catalogue. The ceremonies are described in separate subjects as follows; but customers desiring the entire series will secure them connected together with dissolving effects introduced.

PRESIDENT MCKINLEY AT THE EXPOSITION.

Our cameras were at work at the Pan-American Exposition during President McKinley's entire visit, and we recorded many scenes incidental to the coming and going of the Presidential party. We were also fortunate enough to have our camera in position while President McKinley was making his speech at the Pan-American Exposition, on Thursday, September 5th, 1901, and thus secured a picture of our Executive while making the last address before the cowardly assassin upon his life. On Friday, September 6th, 1901, we also had our camera in position to photograph the President as he left the Temple of Music, but the deplorable assassination, of course, prevented our getting this picture. We did, however, secure an excellent panoramic view of the mob surging in front of the Temple of Music attempting to get at the assassin. These pictures have created intense excitement and interest. In addition to being the best and easiest recognized views of the President and Mrs. McKinley, they depict the last acts of our beloved ruler before he was shot. Our cameras were the only ones at work at the Pan-American Exposition on the day of President McKinley's speech, Thursday, September 5th, and on Friday, September 6th, the day of the shooting. We secured the only animated pictures incidental to these events.

Edison; and showmen who are featuring these pictures and also those who are adding them as show strengtheners, tell us they are playing to packed houses.

JEFFRIES-RUHLLIN SPARRING CONTEST.

On the night of November 15, 1901, James J. Jeffries, of Los Angeles, California, and Gus Ruhlin, of Akron, Ohio, engaged in a sparring contest in the ring of the Twentieth Century Athletic Club, at Archbold's Pavilion, San Francisco. By special arrangements with the promoters of the contest, Messrs. J. C. Kennedy, Wm. Madden and Wm. Delon, our cameras were on hand, and we secured authentic pictures of the contest. In order to record these pictures, it was necessary to specially equip the building with a large number of arc lights. To this end no expense was spared, and when the fighters entered the ring it was illuminated with incandescent power of light. Thus we are able to present to our customers, not limitation or false pictures of the contest, but the actual exhibition just as it took place, with the audience assembled. The pictures that were secured show every movement in the contest, from the time Jeffries entered the ring until he left it a champion in the 10th round. We give herewith an outline of the salient points of the exhibition by rounds. When Jeffries came through the ropes and climbed into the ring there was great cheering. Ruhlin after

received his share of encouragement when he arrived a moment later. Once in the ring the opposing factions showed the best of good nature. The preliminaries were arranged, Jeffries and Ruhlin shook hands pleasantly as they passed from one corner to the other across the canvas. The fighters were then introduced by Billy Jordan, the introducer causing a sensational shout. Captain Whimon, of the San Francisco police, then appeared to examine the gloves. Immediately he had left the ring the fighters shook hands and "went at it."

THE GALVESTON CYCLONE.

At the first news of the disaster by cyclone and tidal wave that devastated Galveston on Saturday, Sept. 8th, 1900, we equipped a party of photographers and sent them to report from the scene of the ruin. Arriving at the scene of devastation shortly after the storm had swept over that city, our party had no need of the risk of life and limb in a time of such a thousand feet of moving waters. In spite of the fact that the Galveston Cyclone had been reported as a

that Galveston was under martial law and that photographers were shot down at sight by the excited police guards, a very wide range of subject has been secured. The series, taken as a whole, will give the entire world a definite idea of the terrible disaster, unequalled since the Johnstown flood of 1889. The following pictures are all copyrighted, and fully protected by law. They are made from the original negatives, taken at a great expense, and expressed to us immediately after they were taken. We will prosecute anyone who copies or uses copies of these films.

These films drew immense crowds at Eden Music and Proctor's vaudeville houses in New York City.

Secure these films and increase the receipts of your exhibitions. This great disaster, which startled the entire world, has made an indelible impression on the minds of the public, and everyone will be interested in seeing authentic moving pictures of a representative American city almost entirely wiped out by the combined power of water and wind. The films set out below are genuine, and ours are positively the only animated picture films secured while the city of Galveston was in a state of chaos.

NEW YORK'S WELCOME TO THE WAR SHIPS.

On Saturday morning, August 20, 1908, six grim black battleships of Admiral Sampson's Squadron sailed into New York Harbor and up the Hudson to receive a welcome from the people and to fire a salute of victory in sight of the tomb of the great soldier-hero of another war. We present the following films to the public as our share in the celebration, by means of which we not only satisfy the curiosity of people living too far distant to be present, but also perpetuate forever the glory of the occasion.

THE ESTABLISHED POPULARITY OF MOVING PICTURES

LEAD MR. EDISON to believe that a series of views photographed in various parts of the world would prove a most valuable addition to our list of subjects, thus combining instruction with interest.

We therefore sent an efficient corps of photographers on an extended tour, and the results are now placed before the public. The pictures cover noted natural scenery and institutions, places of interest in cities, and scenes depicting phases of life, customs, amusements and occupations characteristic to the different localities in which they are taken. The views are actual reproductions, and in every instance photographed from life. We feel satisfied they are of the highest interest to the public, thereby increasing still more the popularity of moving pictures, especially when presented through the efficient and satisfactory Edison Projecting Kinetoscope. Send for a descriptive pamphlet of the latest models.

OCCIDENTAL AND ORIENTAL SERIES.

The following subjects were taken aboard ship and in the Orient, China, Japan and Hawaii being the countries in which the scenes were taken. It is entirely due to the obliging courtesy which distinguishes all the high officials of the Occidental and Oriental S. S. Co. of San Francisco that the efforts of our artists proved so successful. We are indebted also to the kind cooperation of the captains and officers of the fine vessels of this fleet for our pictures of ship life.

HUMOROUS.

The Adventures of Happy Hooligan.

A new series of comic pictures, in which the principal character, Happy Hooligan, Esq., a most disreputable-looking tramp, has a number of wonderful and side-splitting adventures, from which, however, he always emerges triumphant, only to get into trouble again for a new prank. Undoubtedly the greatest set of comedy pictures ever invented. Added charm lent to these pictures by the fact that the surroundings of each film consist of the most beautiful and picturesque scenery.
